### FULL COURT PRESS

PLAYER TO WATCH

#### SIUE

#21 • MADDIE WALDROP  
6-2 • MURRAY, KY. • JR.

Junior forward Maddie Waldrop has posted back-to-back double-doubles on the road against Tennessee Tech and Jacksonville State. She tallied 18 points and 11 rebounds against Tennessee Tech while recording 15 points and 11 rebounds.

Waldrop has tallied 11 double-doubles in her career, including seven this season.

The University of Tennessee at Martin women's basketball team heads into the final week of the regular season with back-to-back home games beginning with an Ohio Valley Conference matchup against SIUE on Thursday, Feb. 27. Tipoff from the Kathleen and Tom Elam Center is scheduled for 5:30 p.m. and will be broadcast on ESPN+.

The Skyhawks (18-9, 14-2 OVC) enter the final week of the season in a tie for first place atop the OVC standings. UT Martin needs two victories to secure at least a tie of the program's sixth OVC championship and the No. 1 seed in next week's OVC Basketball Championship held in Evansville, Ind.

UT Martin currently leads the league in scoring offense (78.2 ppg), field goal percentage (47.3 percent), assists (16.8 apg) and scoring margin (+16.6). Individually, the Skyhawks boast two of the league's top scorers in Chelsey Perry (26.4 ppg, first) and Maddie Waldrop (15.4 ppg, fifth). Additionally, Perry leads the country in points (630) and field goals made (2420) while ranking second with 23.3 points per game.

The matchup features two of the OVC's coaching veterans in UT Martin's Kevin McMillan and SIUE's Paula Buscher. McMillan ranks third in OVC history with a career mark of 214-135 in his 11th season while Buscher sits just outside the top-10 with a 111-131 record in eight seasons.

SIUE (3-24, 1-15 OVC) enters Thursday's contest looking to snap a 14-game losing streak after posting a win on the opening weekend of the conference season. Junior Allie Troeckler – who missed the previous matchup against UT Martin – leads the team in scoring (10.7 ppg) and rebounding (6.5 rpg). Recently Mikayla Kinnard earned her second OVC Freshman of the Week honor of the season after averaging 16.0 points and 3.0 assists on the week.

Thursday's meeting marks the 27th game in series history between the two programs with UT Martin holding an 18-8 advantage. The Skyhawks have won five straight against the Cougars, including a 79-39 victory in Edwardsville back on Jan. 25.

## McMILLAN BECOMES UT MARTIN'S LEADER

Skyhawk head coach Kevin McMillan notched his 200th career victory on Monday, Dec. 16 against Lipscomb to become the first basketball coach in UT Martin history (men's or women's) to accomplish the milestone. McMillan now joins Larry Joe Inman (545), Dave Loos (420), Bill Worrell (408), Cal Luther (319) and E.A. Diddle (296) as OVC head coaches to tally 200 or more career victories.

## McMILLAN CLIMBING OVC LEADERBOARD

With a career record of 214-135, UT Martin head coach Kevin McMillan currently ranks third in total wins in Ohio Valley Conference history. McMillan also ranks first amongst active coaches.

| Coch (Program)                | W   | L   | %    |
|-------------------------------|-----|-----|------|
| 1. Larry Inman (MTSU/EKU/TSU) | 545 | 352 | .606 |
| 2. Bill Worrell (TTU)         | 408 | 190 | .682 |
| 3. Kevin McMillan (UTM)       | 214 | 135 | .613 |
| 4. Lewis Bivens (MTSU)        | 182 | 103 | .639 |
| 5. Marynell Meadows (TTU)     | 181 | 100 | .730 |
| 6. Teresa Phillips (TSU)      | 146 | 155 | .485 |
| 7. Ed Arnen (SEMO)            | 144 | 155 | .482 |
| 8. Brady Sallee (EIU)         | 136 | 116 | .540 |
| 9. Mickey Wells (MOR)         | 132 | 70  | .653 |
| 10. Chrissy Roberts (EKU)     | 122 | 166 | .419 |

## OVC SINGLE-SEASON LEADERS

Chelsey Perry has ranked amongst some of the Ohio Valley Conference's all-time elite scorers. With 423 points through 16 conference games, Perry ranks eighth in conference-only scoring dating back to the 2000-01 season. With 37 points, she will post the most points scored in league play in a single season in the past 20 years.

| Player                                       | Single-Season Scoring (GP) |
|----------------------------------------------|----------------------------|
| 1. Ashley Hayes, Murray State (2008-09)      | 450 (18)                   |
| 2. Joi Scott, Murray State (2006-07)         | 446 (19)                   |
| 3. Emily Christian, Tennessee Tech (2005-06) | 433 (20)                   |
| 4. Heather Butler, UT Martin (2013-14)       | 427 (16)                   |
| Ashia Jones, UT Martin (2014-15)             | 427 (16)                   |
| 6. Chynna Bozeman, Morehead State (2010-11)  | 426 (18)                   |
| 7. Heather Butler, UT Martin (2011-12)       | 424 (16)                   |
| 8. Chelsey Perry, UT Martin (2019-20)        | 423 (16)                   |

## NEW YEAR BRINGS STRONG PLAY

Under the direction of head coach Kevin McMillan, UT Martin has posted a 149-51 record when the calendar switches to a new year over the past 11 seasons - including a 65-25 in January, 64-14 in February and 20-12 in March.

## THAT'S 70'S SHOW

70 has proven to be the magic number for UT Martin in recent history. Under the direction of head coach Kevin McMillan, the Skyhawks are 172-34 when eclipsing the 70-point plateau. Additionally, when the Skyhawks have scored 80 points or more, they are 109-7 during the same span.

## TWIN TOWERS

The junior forward duo of Chelsey Perry and Maddie Waldrop has been dynamic throughout OVC action with the duo combining to score 52.8 percent of the team's total offensive output. Perry (26.1 ppg) and Waldrop (15.4 ppg) have combined to score 41.5 of the team's 78.6 points against conference opponents.

## SKYHAWK DOUBLE-DOUBLES

The current Skyhawk roster has combined to achieve 22 career double-doubles, led by seven from junior forward Chelsey Perry.

BECKY HAMMON

MID-MAJOR

PLAYER OF THE YEAR  
AWARD

## PERRY NAMED SEMIFINALIST FOR MID-MAJOR PLAYER OF THE YEAR AWARD

Junior forward Chelsey Perry has been named one of 10 semifinalists for the inaugural Becky Hammon Mid-Major Player of the Year award. The Becky Hammon Award presented by Her Hoop Stats recognizes the nation's best mid-major player, the first such award in women's college basketball.

The semifinalist are made up of players from nine different conferences, including two representatives from the OVC. Joining Perry as semifinalists are Beela Alarie (Princeton), Ayzhiana Basallo (San Jose State), Denia Davis-Stewart (Merrimack), Ciara Duffy (South Dakota), Ellie Harmeyer (Belmont), Keri Jewett-Giles (Florida Gulf Coast), Stella Johnson (Rider), Micaela Kelly (Central Michigan) and Sara Rhine (Drake).

## SEVEN-TIME OVC PLAYER OF THE WEEK

Junior Chelsey Perry has been named OVC Player of the Week seven times this season on Dec. 3, Dec. 10, Dec. 24, Jan. 7, Jan. 14, Jan. 21 and Feb. 11. Perry is just the second player in OVC history to tally seven player of the week honors in the same season, joining Jasmine Newsome in 2012-13.

| 8. Jasmine Newsome (2013-14)      | 608                   |

## HOME COURT ADVANTAGE

UT Martin has tallied 255 home victories since 1995, making the friendly confines of the Elam Center a daunting place for visiting teams. During McMillan's tenure the Skyhawks have posted a 114-25 record at home since taking over as head coach, posting an .818 winning percentage. The Skyhawks have also posted a 80-11 home record against OVC foes during the same span. The Skyhawks were especially successful at home during the 2018-19 season as the squad recorded the most wins at the Elam Center is school history by going 14-1.

## UT Martin Record at Home Under McMillan

| Eastern Kentucky   | 13        | 4,532         | 349          |

## SKYHAWKS MATCHED UP AGAINST THE BEST

UT Martin played one of the toughest nonconference schedules in the country, highlighted by four nationally ranked opponents. Overall, the Skyhawks played No. 6 Louisville, No. 10 Mississippi State, No. 20 Arkansas and No. 23 Gonzaga. After non-conference play, the Skyhawks' schedule ranked as the 35th toughest in the league.

## INJURIES TAKE THEIR TOLL

The Skyhawks have been no stranger to the training room this season four players (Paige Pipkin, Hayley Harrison, Zaire Hicks and Damiah Griffin) will miss the remainder of the season due to injury.

## NATIVE AMERICAN DUO

UT Martin has a twin sister pair in sophomores Kyannah and Kyarra Grant that have a Native American heritage. The Skyhawk pair are two of 14 Native Americans on Division-I rosters throughout the country as populated by an independent study.

## PERRY AND WALDROP NAMED ALL-OVC

The UT Martin women's basketball junior duo of Chelsey Perry and Maddie Waldrop were recognized at Ohio Valley Conference Basketball Media Day as Preseason All-OVC honorees.

Perry is a two-time Preseason All-OVC honoree after averaging 12.0 points and 5.5 rebounds per game last season. Perry scored in double figures in 19 contests while tallying four games with at least 20 points. She scored a season-high 28 points against Tennessee Tech while ranking 24th nationally with 71 blocks and 30th with 2.22 blocks per game.

Waldrop took the next step in her progression in 2018-19, averaging 8.0 points and 7.3 rebounds per game en route to being named a Preseason All-OVC honoree. Waldrop scored in double figures 10 times while recording three double-doubles. She also ranked sixth in the OVC in defensive rebounds (4.8), ninth in total rebounds (7.3) and 10th in offensive rebounds (2.5).

## SKYHAWKS PUSH CARDINALS TO THE BRINK

UT Martin gave the No. 6 ranked visiting Louisville Cardinals all they wanted and more in the Dec. 19 matchup in the Elam Center. The Skyhawks did not trail in the first 38 minutes of the contest before squaring off in a double-overtime matchup before ultimately falling 71-63. The contest marked the first double-overtime game in program history.

## SKYHAWKS PICKED TO FINISH SECOND

In a preseason poll of the league's head coaches and sports information directors, UT Martin has been selected to finish second in the Ohio Valley Conference as announced at the league's annual media day on Oct. 22, 2019. The Skyhawks garnered nine first place votes and notched 227 overall points while the preseason favorite Belmont earned 234 points and 14 first place votes.

### 2019-20 OVC Predicted Order of Finish

1. Belmont (14) - 234
2. UT Martin (9) - 227
3. Tennessee Tech (1) - 203
4. Austin Peay - 151
5. Jacksonville State - 147
6. Southeast Missouri - 139
7. Morehead State - 117
8. Murray State - 108
9. SIUE - 99
10. Eastern Illinois - 76
11. Tennessee State - 53
12. Eastern Kentucky - 30

## NEWSOME AT UT MARTIN

Assistant coach Jasmine Newsome's connection to UT Martin began as a player from 2010-14 before joining McMillan's coaching staff in 2015-16. Newsome was a four-time All-OVC first team selection, two-time OVC Player of the Year and three-time OVC Defensive Player of the Year. Starting in all 131 games of her career, she became the school's first Associated Press All-American in 2013, helping lead UT Martin to its first four NCAA Tournament appearances. She ranks second in OVC history with 2,566 points while setting the Skyhawk school record with 681 career assists.

## PAT SUMMITT COURT

The floor in the Kathleen and Tom Elam Center is named for former Tennessee Lady Vols head coach Pat Head Summitt who played her collegiate basketball at UT Martin (1970-74) before becoming the winningest basketball coach in the NCAA with 1,098 victories and eight national championships.

## ELAM CENTER

Built in 1963, the Kathleen and Tom Elam Center was named in honor of longtime UT Board of Trustees member Col. Tom Elam and his wife, Kathleen. Col. Elam was a graduate of UT and a prominent Union City attorney. The Elam Center houses the UT Martin Office of Intercollegiate Athletics, office of Campus Recreation activities and the Department of Health and Human Performance. The three areas work together to strategically utilize the classrooms and labs, weight room, swimming pool, racquetball courts, indoor walking track, dance studio and multi-purpose room.

The UT Martin women's and men's basketball teams call the Elam Center home with all home games being played in Skyhawk Arena. In addition of Skyhawk Arena, which holds a seating capacity of approximately 4,300 seats, the Elam Center also houses both teams locker rooms, training facility and weight room.

## 2020 OVC BASKETBALL CHAMPIONSHIP TO BE PLAYED IN EVANSVILLE

For the third straight year, the Ohio Valley Conference Board of Presidents has awarded the 2020 OVC Men's and Women's Basketball Championship to the Ford Center in Evansville, Indiana. The Ford Center, which opened in 2011, is a 10,000-seat arena located in the core of Evansville's downtown district. The 290,000-square foot facility serves as home of the University of Evansville's men's basketball teams as well as the Evansville Thunderbolts of the Southern Professional Hockey League.

## SKYHAWKS GARNER ESPN SPOTLIGHT

For the second straight season, ESPN+ is the exclusive home for live web streamed athletic contests involving OVC schools. It offers fans thousands of additional live events, on-demand content and original programming not available on ESPN's linear TV or digital networks. ESPN+ is an integrated part of the completely redesigned ESPN App and also available through ESPN.com. Fans can subscribe to ESPN+ through the ESPN App.

## SKYHAWKS OVER 30 POINTS

UT Martin has seen 13 different players score 30 points or more in the program's Division I history. Former Skyhawk Heather Butler leads all players with 18 30-point outings while Jasmine Newsome ranked second with 13. Skyhawk junior Chelsey Perry leads the team with eight 30-point outings against Samford (32), Lipscomb (42), Belmont (34), Murray State (30), Eastern Illinois (35), Tennessee Tech (37), Southeast Missouri (36) and Jacksonville State (32).

## SKYHAWK NEWS ONLINE

UTMSports.com is the official website for UT Martin Athletics. It is the best source for up-to-date information on the Skyhawk women's basketball team. Rosters, box scores, cumulative statistics, pre-game notes and other materials are available on the site.

## PRESS ROW

The Kathleen and Tom Elam Center press row has wireless internet access for all working members of the media. Live stats, offered by StatBroadcast.com, can be found at [www.UTMStats.com](http://www.UTMStats.com).

## INTERVIEW POLICIES

Media interviews with players and coaches are encouraged, and every effort will be made to accommodate media requests. In-person interviews are preferred. Telephone interviews can be arranged through the sports information office. Reach out to the sports information office for the best time to reach head coach Kevin McMillan.

## POSTGAME AVAILABILITIES

Players and coaches will be available for interviews on the basketball court after a brief cooling-off period at the conclusion of each game. Media will be provided full stat packages upon completion of each game. Skyhawk head coach Kevin McMillan and selected players will be made available upon request. Space will be made available following postgame interviews for filing stories.

## CREDENTIALS

Media credentials are required for all Skyhawk home games and can be obtained through the sports information office. Please notify assistant sports information director Alex Boggis at least 24 hours in advance of home games and at least 72 hours in advance of road games.

## SKYHAWK RADIO NETWORK

The flagship station for Skyhawk women's basketball is Thunderbolt Broadcasting with its games broadcast on WCMT 1410 AM, 100.5 FM, 92.7 FM, 96.1 FM, 99.7 FM and 103.3 FM. Chris Brinkley begins his 18th year as coordinator of the Skyhawk Radio Network.

## FOLLOW US

The official Twitter of UT Martin Skyhawk Athletics is @UTMSports. Skyhawk women's basketball's account is @UTMartinWBB.

# UT MARTIN ANALYTICAL SUMMARY

The plus/minus stat reflects how the team did while that player is on the court. If a player is a +5, it means his team outscored the opponent by five points while he was on the court. If he has a -3, then the opposing team outscored his team by three points while he was on the court.

| Player                     | Season +/- | Avg/Gm | Best +/- Performance         |
|----------------------------|------------|--------|------------------------------|
| #0 - Emma Davis (25)       | +8         | 0.3    | 14 vs IUPUI (11/25/19)       |

## TEAM GAME RECORDS

### Most Points

116 vs. Austin Peay (3/1/14)

### Most Field Goals Made

50 vs. Trevecca (1976-77)

### Most Field Goals Attempted

97, 36 made, vs. Jacksonville State (1/6/90)

### Most 3-Point Field Goals Made

18, of 43, at Southern Miss (11/16/11)

18, of 35, vs. North Dakota (11/14/16)

### Most 3-Point Field Goals Attempted

47, 17 made, at Morehead State (1/7/16)

### Most Free Throws Made

39, of 55, vs. Troy State (1/13/86)

### Most Free Throws Attempted:

55, 39 made, vs. Troy State (1/13/86)

55, 37 made, at Eastern Kentucky (12/3/98)

### Most Rebounds

63 vs. Bethel (12/7/91)

### Most Assists

31 vs. Morehead State (1/10/15)

### Most Blocks

12 vs. Mississippi Valley State (12/29/18)

12 vs. SIU Edwardsville (2/9/13)

### Most Forced Turnovers

36 at Southern Illinois (12/23/13)

### Most Steals

28 vs. Bethel (12/14/90)

## INDIVIDUAL GAME RECORDS

### Most Points:

44, Ashia Jones at Murray State (1/31/15)

44, Heather Butler vs. Austin Peay (3/1/14)

44, Heather Butler at Eastern Kentucky (2/3/14)

44, Jasmine Newsome vs. Quinnipiac (11/16/13)

### Most Field Goals Made

18, Angela Reaves vs. Delta State (1982-83)

### Most Field Goals Attempted

34, 10 made, Heather Butler vs. Baylor (11/17/12)

### Best Field Goal Percentage

12-12, Chastity Bohannon vs. Tennessee State (2/24/98)

10-10, Andreika Jackson vs. Eastern Illinois (2/11/06)

### Most 3-Point Field Goals Made

11-of-18, Kendall Spray vs. Rhodes (12/7/17)

### Most 3-Point Field Goals Attempted

18, 11 made, Kendall Spray vs. Rhodes (12/7/17)

### Most Free Throws Made

16, Jasmine Newsome vs. Quinnipiac (11/16/13)

16, Jasmine Newsome at Tennessee State (1/2/12)

16, Tessa Fields vs. Evansville (11/13/98)

### Most Free Throws Attempted

20, 16 made, Jasmine Newsome at Tennessee State (1/2/12)

### Most Rebounds

27, Mary Kate Long vs. West Georgia (1/17/87)

### Most Assists

14, Jasmine Newsome vs. Austin Peay (3/1/14)

### Most Blocks

8, Chelsey Perry vs. IUPUI (11/25/19)

8, Rickiesha Bryant vs. Murray State (2/23/13)

8, Mary Kate Long vs. Lambuth (11/21/86)

### Most Steals

11, Ashia Jones at Miami (Ohio) (12/15/14)

## INDIVIDUAL SEASON RECORDS

### Most Points

772, Ashia Jones (2014-15)

### Most Field Goals Made

281 of 531, Ashia Jones (2014-15)

### Most Field Goals Attempted

704, 264 made, Heather Butler (2012-13)

### Best Field Goal Percentage

64.3, (128-199), Rickiesha Bryant (2012-13)

### Most 3-Point Field Goals Made

125 of 294, Kendall Spray (2017-18)

### Most 3-Point Field Goals Attempted

319, 105 made, Heather Butler (2012-13)

### Most Free Throws Made

167 of 196, Jasmine Newsome (2012-13)

### Most Free Throws Attempted

204, 150 made, Tara Tansil (1993-94)

### Most Rebounds

372, Phyllisha Mitchell (2005-09)

### Most Assists

193, Jasmine Newsome (2011-12)

### Most Blocks

87, Rickiesha Bryant (2012-13)

### Most Steals

156, Gwen Long (1989-90)

## INDIVIDUAL CAREER RECORDS

### Most 3-Point Field Goals Made

392 of 1074, Heather Butler (2010-14)

### Most 3-Point Field Goals Attempted

1074, 392 made, Heather Butler (2010-14)

### Most Free Throws Made

620 of 759, Jasmine Newsome (2010-14)

### Most Free Throws Attempted

759, 620 made, Jasmine Newsome (2010-14)

759, 564 made, Tara Tansil (1991-94)

### Most Rebounds

1,318, Mary Kate Long (1985-89)

### Most Assists

691, Jasmine Newsome (2010-14)

### Most Blocks

203, Mary Kate Long (1985-89)

### Most Steals

411, Gwen Long (1985-88, 1989-90)

### Most Points

2,865, Heather Butler (2010-14)

### Most Field Goals Made

958 of 2,417, Heather Butler (2010-14)

### Most Field Goals Attempted

2,417, 958 made, Heather Butler (2010-14)

### Best Field Goal Percentage

53.2, (747-of-1,404), Mary Kate Long (1985-89)

                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | Dasia                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       | Chelsey                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Maddie                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | Tamiah
